

INVITATION FOR BIDS #011-003

DELIVERY OF LUBRICATING OIL FOR VRE LOCOMOTIVES

QUESTIONS & ANSWERS

Below are questions with responses that VRE has received. Whenever possible, questions are presented as originally asked. Otherwise, the question is presented to capture the main thrust or idea of the question or inquiry.

1. Attachment P.2 – Scope of Work, Section 3.A requires the use of 20W40 for the Main Engine Lubricating Oil. Will VRE allow the Contractor to use 40W as long as the TBN and zinc specifications are met?

The Contractor shall respond to the IFB with a product that meets the requirements in Attachment P.2, Section 3 of the IFB.

2. Will VRE clarify whether it requires the Contractor to provide 20W40 for the Main Engine Lube Oil or DDS Plus 9124 FM 9 TBN?

See the response to question #1 above.
