Re: Long Bridge Project Update

An overview of the Long Bridge Project will be provided reviewing progress to-date and a Public Scoping Meeting planned for September 14, 2016.

VRE is collaborating with the District Department of Transportation (DDOT), the Virginia Department of Rail and Public Transportation (DRPT), CSX Transportation (CSXT) and the Federal Railroad Administration (FRA) in analyzing potential railroad capacity solutions for Long Bridge. As part of the project development process, an Environmental Impact Statement is being prepared in accordance with the National Environmental Policy Act of 1969 (NEPA).
