Re: Authorization to Issue a Supplemental Task Order for Electrical Repair Services

Recommendation:

The VRE Operations Board is asked to authorize the Chief Executive Officer to issue Supplemental Task Order 1F under the Facilities Maintenance Services Contract to NV Enterprises for electrical repair services in the amount of $60,000, plus a 5% contingency of $3,000, for a total of $63,000. This brings the total not to exceed amount for Task Order 1 (plus Supplemental Task Orders 1A, 1B, 1C, 1D, 1E and 1F) to $588,000.

Summary:

This Task Order will allow NV Enterprises to continue performing on-call electrical repair services at 18 rail stations, two rail storage yards, and headquarters and satellite office spaces through the end of the fourth option year.

Background:

In addition to base work, the Facilities Maintenance Services Contract allows for Task Order work on an as-needed basis to address various facility repairs, as well as routine and preventive maintenance related projects. The on-call electrical repair services provided through this contract with NV Enterprises are done through a Task Order and subsequent Supplemental Task Orders.
The first Task Order executed under the contract was Task Order 1, Electrical Repair Services, in the amount of $75,000. As Task Order work is completed and additional work is required, subsequent Supplemental Task Orders have been approved by the Operations Board as follows:

- 1A - November 2014 in the amount of $90,000.
- 1B - June 2015 in the amount of $90,000.
- 1C - December 2015 in the amount of $90,000.
- 1D - June 2016 in the amount of $90,000.
- 1E - June 2017 in the amount of $90,000.

The requested authorization for Supplemental Task Order 1F will allow NV Enterprises to continue performing electrical repair services through the end of the fourth option year.

**Fiscal Impact:**

Funding for the requested supplemental amount of $63,000 for electrical repair services is included in the FY 2018 operating budget for facilities routine maintenance.
