Re: Recommend Authorization to Extend the Amended and Restated Operating/Access Agreement with CSX Transportation

Recommendation:

The VRE Operations Board is asked to recommend the Commissions authorize the Chief Executive Officer to execute a one-year extension of the existing Amended and Restated Operating/Access Agreement with CSX Transportation (CSXT) through June 30, 2019.

Summary:

VRE’s current Amended and Restated Operating/Access Agreement expires on June 30, 2018, and staff recommends extending the current agreement for one-year. During the one-year extension, VRE staff will continue to work with CSXT on a long-term agreement to include elements to meet VRE’s commitment to constructing a third main line.

Background:

The VRE has an Operating Access Agreement with CSXT related to VRE Operations in the Fredericksburg to Washington corridor. That agreement, entered in 1994, has been amended and extended several times. In June 2011, a new amended and restated agreement was executed with a five-year term ending June 30, 2016.
In May of 2016, the VRE Operations Board recommended, and the Commissions subsequently authorized, the VRE CEO to execute an Amendment to extend the current Agreement through June 30, 2017. In May of 2017, the VRE Operations Board recommended, and the Commissions subsequently authorized, the VRE CEO to execute an Amendment to extend the current Agreement through June 30, 2018. As part of VRE’s commitment to the third main line construction, VRE, CSXT and DRPT worked to identify additional capacity enhancement projects in the corridor including constructing a third main track. Currently, VRE, CSXT and DRPT are in discussions to further identify potential capacity improvement projects, funding sources and funding mechanisms for capital improvement projects.

Throughout the one-year extension period, VRE, CSXT and DRPT will continue to work to determine capacity enhancement projects, prioritize these projects, establish methodologies to identify how the capacity enhancements will result in additional service for VRE and identify potential funding sources. VRE anticipates these elements will be integrated into the new Amended and Restated Agreement. Furthermore, CSXT has requested during the one-year extension period VRE and CSXT continue to work to identify a mutually agreed upon cost sharing methodology for the implementation and ongoing operations for Positive Train Control (PTC) and update the Master Facilities Lease Agreement. VRE will also work with CSXT to incorporate the scheduling of VRE trains into, and out of, the L’Enfant storage tracks. These changes will have no impact to the passenger train schedules.

**Fiscal Impact:**

Funding is provided for in the approved FY 2019 budget for CSXT track access fees.
