I. INTRODUCTION TO IFB

01. **PURPOSE**
The purpose of this Invitation for Bids (IFB) is to establish a Contract with one (1) qualified and experienced Contractor to deliver locomotive lubricating oil and other railroad lubricating products to VRE’s Maintenance and Storage Facilities (MSF) located in Bristow, Virginia and Fredericksburg, Virginia.

02. **VRE BACKGROUND**
A. VRE is a commuter rail service linking the District of Columbia and Northern Virginia. The Northern Virginia Transportation Commission (NVTC) and the Potomac and Rappahannock Transportation Commission (PRTC) are transportation districts established under Virginia law and jointly own this service. An Operations Board consisting of members from each of the jurisdictions within the VRE service area governs the development and operation of VRE and serves as an advisory board to the NVTC and PRTC governing boards. Use of the term VRE in this solicitation refers to NVTC and PRTC.

B. VRE began operations in 1992 and provides weekday trips on two (2) lines. In January 2014, VRE’s Operations Board adopted System Plan 2040 which calls for expansion of service, requiring the addition of rail cars, expansion of station and yard facilities, as well as expanding operations to meet the goal of doubling ridership by 2040. VRE’s multi-prong program addresses short term growth needs, as well as longer term capacity improvements and investments in maintaining and servicing VRE’s equipment and facilities.

C. The primary mission of VRE is to provide commuter-oriented passenger rail service between the outlying suburbs and the Washington-Arlington-Alexandria urban core. Some tourists and “day-trippers” also ride the trains. The service is heavily oriented towards that core area in the morning peak and in the opposite direction in the evening peak.

09. CONFLICT OF INTEREST STATEMENT
A. The Bidder shall provide a statement disclosing any potential conflict of interest they, any of its joint venture partners, any subsidiaries of a joint venture partner, any companies sharing common ownership with a joint venture partner, or any of its Subcontractors may have in regard to this procurement. The statement shall have the notarized signature of a principal of the Bidder, on the form provided in this solicitation.

B. A conflict situation can arise when a Bidder takes action or has interests that interfere with the Bidder’s ability to perform its work objectively and effectively. The Purchasing Manager may preclude those entities from receiving an award for any such work reasonably deemed to pose a conflict of interest with the work provided hereunder.

C. The Bidder, any of its joint venture partners, any subsidiaries of a joint venture partner, any companies sharing common ownership with a joint venture partner, or any of its Subcontractors will be precluded from providing other services to VRE which conflict with its services under this Contract.
10. **AUTHORITY TO TRANSACT BUSINESS**
   A. Any Bidder organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership must be authorized to transact business in the Commonwealth of Virginia as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia, or as otherwise required by law. VRE may require a Bidder to provide documentation that 1) clearly identifies the complete name and legal form of the entity and 2) establishes that the entity is authorized by the State Corporation Commission to transact business in the Commonwealth of Virginia. Failure of a Bidder to provide such documentation will be grounds for rejection of the Bid or cancellation of any award. For further information, refer to the Commonwealth of Virginia State Corporation Commission website at [http://www.scc.virginia.gov/](http://www.scc.virginia.gov/).

11. **INTEREST IN MORE THAN ONE BID AND COLLUSION**
   Multiple Bids received in response to this solicitation from an individual, firm, partnership, corporation, affiliate, or association under the same or different names will be rejected. Reasonable grounds for believing that a Bidder is interested in more than one Bid for a solicitation, including both as a Bidder and as a Subcontractor for another Bidder, or that collusion exists between two or more Bidders, will result in rejection of all affected Bidders. However, an individual or entity acting only as a Subcontractor may be included as a Subcontractor on two or more different Bidders’ Bids. Any and all Bids may be rejected if reasonable grounds exist for believing that collusion exists among Bidders. Bidders rejected under this provision will also be disqualified if they respond to a re-solicitation for the same work.

IV. **BID OPENING AND CONSIDERATION OF BIDS**

12. **BID DUE (CLOSING DATE)**
   Bids must be received by VRE at 2:00 P.M. Eastern Time on the date specified in PART II – PROCUREMENT SCHEDULE of this IFB. Bids received after the Bid closing date and time will not be considered.

   In the event of inclement weather conditions, such as heavy snowfall, icy streets, and sidewalks; or flooding, earthquakes, tornadoes, or other natural disasters, which result in the cancellation of VRE service operation, the Bid due date will be extended to the next business day VRE service operates. Notifications of service operation interruptions and the resumption of service are generally posted on...
VRE’s website. An official addendum to the solicitation will be posted on the website at the earliest opportunity once VRE service resumes operation.

22. **REJECTION OF BIDS**
   A. VRE expressly reserves the right to reject any or all Bids or any part of a Bid, and to resolicit the goods and/or services in question, if such action is deemed to be in the best interest of VRE.

   B. Bids which fail to meet the solicitation requirements, or which are incomplete, conditional, or obscure, or which contain additions not called for, erasures, alterations, or irregularities of any kind or in which errors occur, or which contain abnormally high or abnormally low prices, for any class or item of work, may be rejected as invalid at VRE’s discretion.

   C. The receipt of more than one (1) Bid from the same Bidder, whether or not the same or different names appear on the signature page, shall result in none of the Bidder’s Bids being considered.

   D. Reasonable proof for believing that any Bidder has an interest in more than one (1) Bid for the work contemplated will cause the rejection of all Bids made by the Bidder directly or indirectly.

   E. Any or all Bids shall be rejected if there is reason to believe that collusion exists among the Bidders.

V. **MODIFICATION, WITHDRAWAL & CANCELLATION OF BIDS**

23. **ADDENDA**
   VRE may issue addenda to the IFB. Addenda, if any, will be issued at least five (5) calendar days prior to the Bid closing date. Any addendum issued less than five (5) calendar days prior to the closing date will, if necessary, contain a provision modifying the Bid closing date to a date that will provide Bidders adequate time to respond to the addendum.

24. **CANCELLATION/WITHDRAWAL OF IFB**
   VRE reserves the right to cancel or withdraw in whole or in part this IFB at its sole discretion. Bidders will be notified in the event the IFB is cancelled via VRE’s website.

25. **WITHDRAWAL OF BID PRIOR TO CLOSING DATE**
   Bids may be withdrawn by written notice from the Bidder to the VRE Purchasing Manager, prior to the IFB closing date and time. The withdrawal shall be made by the person signing the Bid or by any individual(s) authorized by the Bidder. The Bidder must provide written evidence of the individual’s authority to withdraw the Bid if the individual withdrawing the Bid is other than the person signing the Bid. Bids may be withdrawn no later than two (2) business days prior to the closing date.
26. WITHDRAWAL OF BIDS AFTER BID OPENING

A. Requests for withdrawal of Bids after opening of such Bid but prior to award shall be transmitted to the VRE Purchasing Manager. The Bidder shall give notice in writing of its claim of right to withdraw its Bid accompanied by full documentation supporting the request (original work papers, documents, and materials used in the preparation of the Bid). If the request is based on a claim of error, documentation must show the basis of the error. Bids may be withdrawn within two (2) business days of the conclusion of the Bid opening procedure.

B. Bids may be withdrawn for good cause after the closing date and prior to award. No Bidder who is permitted to withdraw a Bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the Contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn Bid was submitted.

C. A Bidder may withdraw its Bid from consideration if the price/cost bid was substantially lower than the other Bids due solely to a mistake therein, provided the Bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of a Bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the Bid sought to be withdrawn.

D. If VRE denies the withdrawal of a Bid within ten (10) calendar days after receiving notice from the Bidder under the provisions of this Section, VRE shall notify the Bidder in writing stating the reasons for its decision and award the Contract to such Bidder at the proposed price, provided such Bidder is a responsible and responsive Bidder.

41. **NOTICE OF INTENT TO AWARD**
VRE shall notify the apparent successful Bidder that upon satisfactory compliance with all conditions required for execution of the Contract, within the time specified, the Bidder will be awarded the Contract. In addition to any verbal notice that VRE may make to Bidders, Bid results will be posted on VRE’s website at [www.vre.org](http://www.vre.org). 44. **AWARD FOR ALL OR PART**
Unless otherwise specified, VRE may, if it is in the best interest of VRE to do so, award all or part of the Bid to any Contractor whose Bid is the most responsible and responsive and whose Bid best meets the requirements and criteria set forth in the solicitation.

Further action, by a Bidder, may be taken by instituting action as provided by the Code of Virginia.

B. VRE policy and procedure for the administrative resolution of protests is set forth in §3.8 of the Public Procurement Policy and Procedures Manual (Procurement Manual). The Procurement Manual contains rules for the filing and administration of protests. The Contract Administrator shall furnish a copy of §3.8 upon request.

   A “Notice-To-Proceed” (NTP) will be issued separately upon execution of the Contract. Contract performance shall begin on the date set forth in the written NTP. XII. MISCELLANEOUS

51. BRAND NAME OR EQUAL
A. Unless otherwise provided in the solicitation, or unless the name is followed by words indicating that no substitution is permitted, the reference to a certain brand name, make, model number, or manufacturer does not restrict the offer to the specific brand, make, model number or manufacturer identified. The specific references to a brand are not intended to be restrictive of other products, rather to be descriptive, and convey the salient characteristics of function, performance, design requirements and quality of the item described. Any item which VRE, at its sole discretion, determines to be the equal to that which is specified, considering quality, workmanship, economy of operation, and suitability for the process intended, will be accepted.

B. Whenever in the specifications one or more items, trade names, or part numbers of specific manufacturers are mentioned, it is for the intent of establishing a basis of quality and durability, and though the term “or approved equal” may not be inserted, it is implied.

C. Only substitutions equal to the specified items will be allowed by VRE and only when such substitution is necessary. Before furnishing and/or installing any product that is a substitute for the specified item, proof of equality shall be furnished by the Contractor to VRE, and the written approval of VRE must be obtained before any such substitution is made. Failure to conform to this requirement shall be cause for rejection by VRE.

D. A Bidder bidding "equal" products will be considered for award if such products are clearly identified and are determined by VRE to be equal in performance and all material respects to the brand name products referenced.

E. There shall be no substitution for any accepted material, component, design or fabrication unless and until the proposed substitute has received written acceptance from VRE. VRE may require the removal of a substitute or unaccepted item at no additional cost to VRE.

F. If bidding other than the “brand name” manufacturer or specifications, the Bidder must identify the manufacturer, brand or trade name, catalog number, etc. of the article offered.

52. DESCRIPTIVE LITERATURE
A. The Bidder shall clearly and specifically identify the product being offered even if bidding the exact brand name, make or manufacturer specified.

B. The Bidder shall provide sufficient descriptive literature, technical detail, etc. only if the product being offered is other than what is specified herein, to enable VRE to determine if the product offered meets the requirements of the
solicitation. At a minimum, any offered product not specified in the IFB should be represented by the manufacturer’s specifications.

C. Descriptive literature is not required if bidding the exact brand, make or manufacturer specified. Only the information furnished with the Bid shall be considered in the evaluation.

D. By submission of a Bid, the Bidder certifies that the items offered meet or exceed the specifications described herein.

53. **INSPECTION OF BIDS**

The Virginia Freedom of Information Act, §2.2-3700 *et seq.* shall govern the release of public records related to this procurement. 54. **EXCEPTION TO TERMS AND CONDITIONS**

This solicitation precludes the submission of exceptions, conditions, qualifications, or exclusions as part of the Bid. The Bidder must respond to the solicitation as presented by VRE without alteration or exception, unless otherwise allowed elsewhere in the solicitation.

55. **TRADE SECRETS OR PROPRIETARY INFORMATION**

A. Trade secrets or proprietary information submitted by a Bidder in connection with a procurement transaction submitted pursuant to Code of Virginia, subsection F of §2.2-4342 shall not be subject to the Virginia Freedom of Information Act (§ 2.2-3700 *et seq.*).

B. However, the Bidder shall:

1. Invoke the protections of this section prior to or upon submission of the data or other materials;

2. Identify the data or other materials to be protected by clearly marking each individual page with “PROPRIETARY”; and

3. State the reasons why protection is necessary.

C. It is the Bidder’s sole responsibility to defend such exemptions if challenged in a court of competent jurisdiction.

D. Except for the foregoing limitation, VRE may duplicate, use, and disclose in any matter and for any purpose whatsoever and have others do so, all data furnished in response to this IFB. VRE has the right to release trade secrets or proprietary information to a third party which may assist VRE in the review and evaluation of the Bids.
56. **PROTECTION OF SENSITIVE SECURITY INFORMATION**

To the extent applicable, the Contractor shall comply with 49 C.F.R. Part 1520, “Protection of Sensitive Security Information,” and with any implementing regulations, requirements, or guidelines that the Federal Government may issue.

57. **IMMIGRATION REFORM AND CONTROL ACT OF 1986**

Thereafter, the Contractor may submit a request for a price adjustment once every one hundred eighty (180) calendar days, ten (10) calendar days prior to the expiration of the preceding period.

B. The Contractor shall submit requests for price adjustments in writing to VRE and provide written documentation from its suppliers to support any adjustments. The Contractor shall address all of the items affected by a specific price change at the same time if possible. Price adjustments shall not be retroactive; ordering prices shall not be changed until the adjustments are accepted by VRE and documented in the form of a written Contract Amendment. VRE warrants it will consider requests for price adjustments within a reasonable time; the Contractor shall warrant it will not delay delivery of products pending price adjustments.

C. If price adjustments are approved by VRE, they shall be effective on the 181st day. If rejected by VRE, the parties may either settle on a new price through negotiation or terminate the Contract.

D. VRE shall modify the Contract to include each price adjustment and its effective date.

C. Prior to the start of work, the Contractor shall prepare a Site Specific Safety Plan and submit it to VRE for review and approval within seven (7) calendar days prior to the start of work (Attachment D).

D. The Contractor is responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with this Contract. This includes the Contractor’s employees and other persons who may be affected thereby, as well as materials and equipment, both in storage and on-site.

E. It is incumbent upon the Contractor and its employees to work in a safe manner at all times due to the nature of the rail service. The Contractor while performing work around VRE’s facilities shall be alert for train movement through the facility to ensure a safe operation. While train movement is ongoing at the facility the Contractor shall move to a safe distance. VRE reserves the right to require the Contractor to be qualified and its employees to meet the safety qualifications required by the applicable railroads, Federal Railroad Administration (FRA), and VRE’s safety rules for operations.
V. GENERAL PROVISIONS

Changes to the Contract value, scope, or schedule will require consultation with the Contract Administrator.

B. Contracting Officer: The Contracting Officer is the only individual who can legally commit or obligate VRE for the expenditure of public funds. The technical administration of the Contract shall not be construed to authorize the revision of the terms and conditions of the Contract. Any such revision shall be authorized in writing only by the Contracting Officer. The Contracting Officer may designate personnel to act as their authorized representatives for one or more contract administration functions not involving a change in the scope, price, terms, or conditions of the contract. Such designation will be in writing, set forth by a separate letter signed by the Contracting Officer, and will contain specific instructions as to the extent to which the representative may take action for the Contracting Officer. Such designation will not contain authority to sign contractual documents, nor will it authorize the designee to order contract changes, modify contract terms, or create any liability on the part of VRE.

C. Project Manager: During the term of the Contract, the Contracting Officer may designate a Project Manager (PM) to represent VRE and assist in monitoring the work under the Contract. The PM is responsible for the overall project management and serves as the technical liaison to the Contractor. The PM is responsible for the day-to-day clarification and guidance of the Contractor’s personnel as may be required under the Contract. The VRE Project Manager will conduct ongoing reviews of the Contractor’s progress in performing the work and will furnish comments in a timely manner. Only the PM consulting with the
Contract Administrator and/or the Contracting Officer, as necessary is authorized to provide direction to the Contractor. All communications to other agencies shall be through the VRE Project Manager, unless directed otherwise.

03. **CONFORMITY WITH SCOPE OF WORK**
All deviations from the scope of work, drawings, plans, and/or specifications shall be authorized in writing by VRE. No extra compensation for material or labor shall be allowed for work evidently necessary within the general intent of the specifications and the accompanying plans, if any, for the proper and thorough completion of the work.

04. **INVOICES**

A. **Terms**
1. The Contractor shall submit monthly invoices for work/goods ordered, delivered, and accepted by VRE by the 15th of each month. *The invoice period shall be the calendar month.* This payment schedule shall be maintained throughout the duration of the Contract, unless directed otherwise.

2. If no charges have been incurred for a particular month, no invoice is required. However, the VRE Project Manager shall be notified that no invoice will be submitted.

3. Any Contractor’s payment terms requiring payment in less than thirty (30) days will be regarded as requiring payment thirty (30) days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than thirty (30) days.

4. If funds are not appropriated for purposes of the Contract for the current or any succeeding fiscal year subsequent to the one in which the Contract is entered into, then VRE may terminate the Contract upon prior written notice to the Contractor. Should termination be accomplished in accordance with this section, VRE shall be liable only for payments due through the date of termination.

ii. Product description  
iii. Volume/quantity delivered

C. If invoices fail to meet all of the above requirements, they will not be processed for payment and will result in the invoice being returned to the Contractor for correction and resubmission. VRE may request additional substantiating documentation as necessary.

05. PAYMENTS TO SUBCONTRACTOR  
In the event that the Contractor utilizes a Subcontractor for any portion of the work under this Contract, the Contractor hereby agrees to:
   
1. Provide payment of Subcontractors within seven (7) days of receipt of payment by VRE for work completed and approved expenses. The Contractor shall take one (1) of the two (2) following actions within seven (7) days after receipt of amounts paid to the Contractor by VRE for work performed by a Subcontractor under the Contract.
      
   i. Pay a Subcontractor for the proportionate share of the total payment received from VRE attributable to the work performed and completed by that Subcontractor under the Contract; or
2. Notify VRE and any Subcontractors, in writing, of its intention to withhold all or a part of the Subcontractor's payment with the reason for nonpayment.

2. The Contractor shall be obligated to pay interest to a Subcontractor on all monies owed by the Contractor that remain unpaid after seven (7) days following receipt by the Contractor of payment from VRE for work performed by a Subcontractor under the Contract, except for amounts withheld under subsection 1.b. of this Section. Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month. The date of mailing of any payment by U.S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary Contract.

3. The Contractor's obligation to pay an interest charge to a Subcontractor pursuant to the provisions of this Section may not be construed as an obligation by VRE. A contract modification may not be made for the purpose of providing reimbursement for any such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

06. DELIVERY FAILURES
Should the Contractor fail to deliver work or products at the specified time, or within a reasonable period of time thereafter, as determined by VRE, or should the Contractor fail to make timely replacement of rejected products when so requested, VRE may purchase products of comparable quality in the open market to replace the rejected or undelivered products. The Contractor shall reimburse VRE for all costs above the Contract price when purchases are made in the open market.

07. EXTRA CHARGES NOT ALLOWED
Unless otherwise provided in the Contract, the Contract price shall be for the products which are ready for VRE use and shall include all applicable shipping/delivery charges; extra charges will not be allowed.

08. REGULATORY COMPLIANCE WITH LAWS AND PERMITS
A. The Contractor agrees it shall comply with all applicable Federal, State and Local Laws, Rules and Regulations.

B. Neither VRE’s review, approval, or acceptance of, nor payment for, the goods or services required under this Contract shall be construed as a waiver of any rights under this Contract or of any cause of action arising out of the performance of this Contract, and the Contractor shall be and remain liable to VRE in accordance with applicable law for all damages to VRE caused by the Contractor's negligent performance under this Contract.
C. If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

D. The rights and remedies of VRE provided for under this Contract are in addition to any other rights and remedies provided by law.

09. CONFIDENTIAL INFORMATION
A. The Contractor and its employees, agents and Subcontractors shall hold as confidential all VRE information obtained under this Contract. Confidential information includes, but is not limited to, non-public personal information; social security numbers; addresses; dates of birth; other contact information or medical information about a person; and information pertaining to products, operations, systems, customers, prospective customers, techniques, intentions, processes, plans and expertise.

B. The Contractor must take reasonable measures to ensure that all of its employees, agents and Subcontractors are informed of and abide by this requirement.

10. DISSEMINATION OF CONTRACT INFORMATION
The Contractor shall not discuss, publish, permit to be published, or distribute for public consumption, and information, oral or written, or any material concerning this Contract, without the prior written consent of VRE.

11. CHANGES
A. By written notice to the Contractor, VRE may from time to time make changes within the general scope of the Contract in the services to be provided by the Contractor, the method or place of delivery, or the place of performance. Changes may also be made by mutual agreement between the parties in writing. The Contractor shall promptly comply with the notice and shall perform all services in conformity to the notice.

B. If any such changes cause an increase or decrease in the Contractor’s cost of performance or the time required for performance, an equitable adjustment in the Contract price and/or the time allowed for performance of the Contract shall be negotiated and the Contract modified accordingly. Any claim by the Contractor for adjustment under this clause must be asserted by written notice to VRE within fourteen (14) calendar days from the date of receipt by the Contractor of the change notice. If the parties fail to agree to an adjustment, the question of an increase or decrease in the Contract price or time allowed for performance shall be resolved in accordance with the procedures for resolving disputes provided by the dispute’s clause of the Contract. Neither the existence of a claim, a dispute, submission of the dispute or the dispute resolution process, litigation or any portion of this provision or changes shall excuse the Contractor from promptly proceeding with performance of the Contract as changed by the notice.

12. FORCE MAJEURE
A. When delay occurs due to reasonable causes beyond the control of the Contractor, including but not limited to, acts of God, acts of government or any governmental
agency, war or war conditions, riot or civil conditions, sabotage, strikes, lockouts, accident, fire, flood, typhoons, hurricanes, explosion, damage to equipment or facilities, the time for performance and completion of work may be adjusted and extended as required to accommodate those delays and their effect.

B. VRE shall not be held responsible for failure to perform its duties and responsibilities imposed by the Contract if such failure is due to fires, riots, rebellions, natural disasters, wars, acts of terrorism, strikes, or an act of God beyond the control of VRE that make performance impossible or illegal, unless otherwise specified in the Contract.

13. **DELAyS**

A. Upon written receipt of a request and justification for an extension from the Contractor, the VRE Contracting Officer may extend the time for performance of the Contract or delivery of work specified herein at the VRE Contracting Officer’s sole discretion for good cause shown. Under no circumstances will VRE be responsible for consequential costs associated with delays.

B. The Contractor shall use reasonable diligence to remove or overcome any such causes as expeditiously as possible.

14. **TERM OF CONTRACT**

A. The term of the Contract shall be for a Base Period of one (1) year with the option to extend for four (4) additional one-year periods, not to exceed five (5) years. The Base Period will commence on the date set forth in the written Notice-To-Proceed (NTP). **VRE anticipates providing NTP for work/deliveries to commence on October 14, 2021.**

B. The exercise of a Contract option will be at the sole discretion of VRE. Unless otherwise directed in writing, the Contract will be extended by VRE under the terms and conditions of the original Contract.

C. A preliminary written notice of VRE’s intention to exercise an option will be given approximately thirty (30) calendar days prior to the expiration date of the Base Period and each Option Year Period. The preliminary notice does not commit VRE to an extension. The exercise of an option is subject to the availability of funds at the time of the exercise of option.

15. **Prime CONtractor Responsiblities**

A. The Contractor shall be responsible for completely supervising and directing the work under this Contract and all Subcontractor(s) that it may utilize, using adequate skill and attention. Subcontractor(s) who perform work under this Contract shall be responsible to the Prime Contractor.

B. The Contractor agrees that it is fully responsible for the acts and omissions of its Subcontractor(s) and of persons employed by the Subcontractor as it is for the acts and omissions of its own employees.
16. **SUBCONTRACTING**

A. No portion of the work shall be subcontracted without the prior written consent of VRE. In the event the Contractor desires to subcontract part of the work specified herein, the Contractor shall submit with its Bid, a list of the Subcontractor(s) and their names, required certifications, qualifications, experience, project assignment and contact information.

B. The Contractor shall be responsible for completely supervising and directing the work under this Contract and all Subcontractors that it may utilize, using its best skill and attention. Subcontractors who perform work under this Contract shall be responsible to the Prime Contractor. The Contractor agrees that it is as fully responsible for the acts and omissions of its Subcontractors and of persons employed by each Subcontractor as it is for the acts and omissions of its own employees.

C. During the period of performance, the Contractor shall not substitute Subcontractors without the prior written approval of VRE. Any new Subcontractors must be identified. The Contractor shall provide VRE with information as to the circumstances necessitating the proposed change and other information as requested. Proposed substitutions must have comparable qualifications and experience to those being replaced. VRE will notify the Contractor within ten (10) calendar days after the receipt of all required information if this change is approved. VRE and the Contractor shall subsequently amend the required Contract documents as needed.

D. VRE reserves the right to request from the Contractor during the solicitation process and any time during Contract performance, additional information about a Subcontractor proposed by the Contractor, that VRE deems necessary to evaluate the qualifications of the Subcontractor.

E. The Contractor shall, however, remain fully liable and responsible for the work to be done by its Subcontractors and their subcontractors and shall assure compliance with all requirements of the Contract.

F. The Contractor agrees to require its Subcontractors and sub-subcontractors to include adequate provisions to ensure compliance with applicable requirements in each subcontract and sub-subcontract. Furthermore, the Contractor agrees to include appropriate clauses in each subcontract stating the Subcontractor's responsibilities under Federal, State and Local law, regulation, and directive, including any necessary provisions requiring the Subcontractor to extend applicable requirements to its subcontractors to the lowest tier necessary.

17. **INDEPENDENT CONTRACTOR**

The Contract is and shall be in all events, an independent contractor. Nothing herein shall be construed as constituting the Contractor as an agent, partner, employee, or legal representative of VRE for any purpose. Neither the Contractor nor its employees shall be entitled to or be eligible to participate in any benefits,
privileges or plans given by or established for the benefit of VRE or its employees.

18. **NOTIFICATION OF OWNERSHIP CHANGES**
The Contractor shall notify VRE in writing when the Contractor becomes aware that a change in its ownership is certain to occur. The Contractor shall also include this provision in all subcontracts under this Contract, requiring each Subcontractor to notify VRE in writing when the Subcontractor becomes aware that a change in its ownership is certain to occur.

19. **AVAILABILITY OF FUNDS**
It is understood and agreed that VRE shall be bound to the Contract only to the extent of the funds appropriated for the purpose of the Contract. If funds are reduced or eliminated by the Commonwealth of Virginia or any Federal, State or Local funding partners, the Contract can be terminated under the provisions of the Contract.

20. **ASSIGNMENT OF CONTRACT**
The Contract shall not be assignable, sublet, or transferable by the Contractor, in whole or part, without the written consent of the VRE.

A. The Contractor agrees to remit to VRE, which in turn will remit to its funding partners, any excess payments made to the Contractor disallowed by Federal, State and Local funding partners.

B. VRE will exclude any costs incurred by the Contractor before the date of the Notice-To-Proceed unless otherwise authorized by VRE in writing. VRE will also exclude any cost not included in the approved budget, any ordinary governmental or operating cost deemed ineligible by a funding partner. VRE shall make the final determination as to what costs are eligible.

C. Payment does not constitute a final decision about whether a cost is eligible for reimbursement and does not constitute a waiver of any violation by the Contractor of the terms and conditions of the Contract.

D. The Contractor agrees to incur costs in accordance with all provisions of this Contract and any other requirements referenced herein. Payment shall be made for eligible costs as listed in the Contract and for no other purpose.

E. The Contractor shall remit to VRE any excess payments made to the Contractor disallowed by VRE, or any of its funding agencies, as well as any interest required.

5. The Contractor or any of the Subcontractors become aware their equipment or facilities or actions are not in compliance or may fail to comply in the future with applicable laws or regulations.

24. **CONTRACTUAL DISPUTES**
Disputes by the Contractor with respect to the Contract shall be decided in the first instance by the Contract Administrator or designee who shall reduce his/her decision to writing, and mail or otherwise furnish a copy thereof to the Contractor. This decision shall be final and binding unless within thirty (30) days from the date of such decision the Contractor institutes legal action in accordance with the Code of Virginia. Pending a final determination of a properly appealed decision of the Contract Administrator, the Contractor shall proceed diligently with the performance of the Contract, including the disputed portions, in accordance with that decision.

25. **TERMINATION FOR THE CONVENIENCE OF VRE**

B. Termination, in whole or in part, shall be affected by delivery of a Notice of Termination signed by the VRE Contracting Officer, mailed or delivered to the Contractor, and specifying the extent of termination and the effective date of termination. Upon receipt of such notice, the Contractor shall:

C. After complying with the foregoing provisions, the Contractor shall submit a termination claim, no later than sixty (60) days after the effective date of its termination, unless an extension is granted by the VRE Contract Administrator. If the Contractor fails to submit the claim within the time allowed, the VRE Contracting Officer may determine, on the basis of information available, the amount, if any, due to the Contractor because of the termination and shall pay the amount determined.

D. If the termination is partial, the Contractor may file a claim with the VRE Contracting Officer or his/her designee for an equitable adjustment of the price(s) of the continued portion of the Contract. The VRE Contracting Officer shall make any equitable adjustment agreed upon. Any claim by the Contractor for an equitable adjustment under this Section shall be requested within thirty (30) days from the effective date of termination unless extended in writing by the VRE Contracting Officer.
E. The VRE Contract Administrator, with the approval of the VRE Contracting Officer, shall pay reasonable costs of termination, including a reasonable amount for profit on services delivered or completed. In no event shall this amount be greater than the original Contract price, reduced by any payments made prior to the Notice of Termination, and further reduced by the price of the serviced not delivered, or those services not provided. The Contract shall be amended accordingly, and the Contractor shall be paid the agreed upon amount.

F. In the event that the parties cannot agree on the whole amount to be paid to the Contractor by reason of termination under this Section, the VRE Contract Administrator shall pay to the Contractor the amounts determined as follows, without duplicating any amount which may have already been paid under paragraph E. of this Section.

G. With respect to all Contract performance prior to the effective date of Notice of Termination, the total of:

1. Cost of the work performed;
2. The cost of settling and paying any reasonable claims as provided in paragraph B. above; and
3. A sum as profit determined by VRE to be fair and reasonable.

H. The total sum to be paid shall not exceed the Contract price, as reduced by the amount of payments otherwise made, and as further reduced by the Contract price of services not terminated.

I. In the event that the Contractor is not satisfied with any payments which the Contract Administrator shall determine to be due under this Section, the Contractor may appeal any claim to VRE in accordance with the Contractual Disputes Section of the Contract.

J. Unless otherwise provided in the Contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of the Contract for five (5) years after final settlement. This includes all books and other evidence bearing on the Contractor’s costs and expenses under the Contract. The Contractor shall make these records and documents available to VRE and its funding partners, at the Contractor’s office, at all reasonable times, without any direct charge. If approved by the VRE Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

K. When termination for the convenience of VRE is a provision of the Contract, the Contractor shall include similar provisions in any Subcontract, and shall specifically include requirements that Subcontractors make all reasonable efforts to mitigate damages which may be suffered. Failure to include such provisions shall bar the Contractor from any recovery from VRE whatsoever of loss or
damage sustained by a Subcontractor as a consequence of termination for convenience.

26. **TERMINATION FOR DEFAULT**
A. Either party may terminate the Contract, without further obligation, for the default of the other party or its agents or employees with respect to any agreement or provision contained herein.

B. If through any cause, the Contractor shall fail to fulfill in a timely and proper manner its obligations under the Contract, or if the Contractor shall violate any of the covenants, agreements or stipulations of the Contract, VRE shall thereupon have the right to terminate the Contract by giving written notice to the Contractor of such termination. The written notice shall specify the effective date of termination and shall be delivered to the Contractor prior to the effective date of termination.

C. The Contractor shall have the right to cure its default, and thereby avoid termination, during the aforesaid notice period by remedying the circumstances which constitute the default or, where completion of such a remedy is not reasonably possible, then by taking all reasonable steps possible designed to remedy the default promptly.

D. Successive defaults of the same nature, regardless of the Contractor’s effort to cure, shall not prevent VRE from terminating the Contract.

27. **INDEMNIFICATION**
The Contractor shall not seek to hold liable VRE, or any of its officers, agents and employees for any claims, judgments, losses, and expenses of any nature whatsoever arising out of the Contract or arising out of the activities funded in whole or in part by the Contract. The Contractor shall defend, indemnify, save, and hold harmless VRE, and its officers, agents and employees against all claims and liability, including cost and expenses, arising out of, in whole or part, the acts or omissions of the Contractor or the acts or omissions of the Contractor’s Subcontractors, agents or employees. The foregoing obligations shall survive termination of this Contract with respect to liabilities arising during its term. The Contractor agrees to maintain adequate insurance in an amount and form herein specified and approved by VRE to protect VRE and its officers, agents, and employees from liability arising out of the Contract.

28. **ANTITRUST**
By entering into a Contract, the Contractor conveys, sells, assigns, and transfers to the VRE all rights, title and interest in and to all causes of the action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by VRE under said Contract.
29. **SEVERABILITY**
   In the event that any provision shall be adjudged or decreed to be invalid, such ruling shall not invalidate the entire Contract but shall pertain only to the provision in question and the remaining provisions shall continue to be valid, binding and in full force and effect.

30. **FAIR EMPLOYMENT CONTRACTING ACT**
   The Contractor, its agents, employees, assigns or successors, and any persons, firm, or agency of whatever nature with whom it may Contract or make a Contract, shall comply with the provisions of the Virginia Fair Employment Contract Act, Section 2.2-4200 et seq., VA Code Ann. the terms of which are incorporated herein by reference.

31. **EMPLOYMENT OF PERSONNEL**
   The prospective Contractor shall not employ any persons or persons in the employment of VRE for any work required by the terms of the Contract, without the written permission of VRE.

32. **CONVICT LABOR**
   In connection with the performance of work under the Contract, the Contractor agrees not to employ any person undergoing sentence of imprisonment except as provided by Public Law 89-176, as amended.

33. **GEOGRAPHIC RESTRICTIONS**
   Procurement transactions will be conducted in a manner that prohibits the use of in State or Local geographical preferences in the solicitation and evaluation of Bids or Proposals, except in those cases where applicable statutes or regulations expressly mandate or permit geographic preference. This does not preempt State or Local licensing laws. However, geographic location may be a selection criterion in procurements for architectural and engineering (A&E) services, provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the Contract.

34. **COVENANT AGAINST CONTINGENT FEES**
   The Contractor warrants that it has not employed or retained any company or person, other than bona fide employees working solely for the Contractor, to solicit or secure the Contract, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor, any fee, VRE percentage, brokerage fee, or other considerations, contingent upon or resulting from the award of making of the Contract. For breach or violation of this warranty, VRE shall have the right to annul the Contract without liability, or, at its discretion, to deduct from the Contract price or consideration, or otherwise recover the full amount of such fee, VRE percentage, brokerage fee, gift, or contingent fee.

35. **CONFLICT OF INTEREST**
   A. The Contractor and its officers and employees shall comply with the provisions of the Virginia Conflict of Interest Act (Section 2.2-3100 et. seq., of the Code of...
Virginia), as amended, the State and Local Government Conflict of Interests Act, and Section 2.2-4300 et. seq. of the Code, the Virginia Public Procurement Act, the terms of which are incorporated herein by reference.

B. VRE is intent on avoiding conflicts of interest associated with the award of the Contract. To these ends, prospective Contractors must identify existing and prospective contractual relations they have (or could have) with agencies which could present sources of conflict as part of the Bid or Proposal submission.

C. VRE standards of conflict prohibit VRE employees, officers, board members, or agents from participating in the selection, award, or administration of a third-party contract or sub-agreement supported by Federal or State funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when any of the following parties has a financial or other interest in the entity selected for award (a) an employee, officer, board member or agent (b) any member of his or her family (c) his or her partner or (d) an organization that employs or intends to employ any of the above.

D. VRE standards of conflict also prohibit real or apparent organizational conflicts of interest. An organizational conflict of interest exists when the nature of the work to be performed under a third-party contract or sub-agreement may, without some restriction on future activities, result in an unfair competitive advantage to the third-party Contractor or subrecipient or impair its objectivity in performing the Contract work.

36. ETHICS IN PUBLIC CONTRACTING
   A. This Contract incorporates by reference any State or Federal law related to ethics, conflicts of interest, or bribery, including, by way of illustration and not limitation, the State and Local Government Conflict of Interests Act (Code of Virginia § 2.2-3100 et seq.), the Virginia Governmental Frauds Act (Code of Virginia § 18.2-498.1 et seq.), and Articles 2 and 3 of Chapter 10 of Title 18.2 of the Code of Virginia, as amended (§ 18.2-438 et seq.).

   B. The Contractor certifies that its Bid or Proposal is made without collusion or fraud and that it has not offered or received any kickbacks or inducements from any other Contractor, supplier, manufacturer or Subcontractor in connection with their Bid or Proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

37. OFFICIALS NOT TO BENEFIT
   No member of or delegate to the Virginia General Assembly, and no member of VRE, the Northern Virginia Transportation Commission, the Potomac and Rappahannock Transportation Commission or the Virginia Department of Rail and Public Transportation, shall be admitted to any share or part of the Contract, or to any benefit that may arise there from; but this provision shall not be
construed to extend to the Contract if made with a corporation for its general benefits. No member, officer, or employee of VRE, during his/her tenure or one year thereafter shall have any interest, direct or indirect, in the Contract or the proceeds thereof.

38. **ANTI-DISCRIMINATION**

39. **AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE**
   A. The Contractor is solely responsible for its compliance with the Americans with Disabilities Act (ADA) and must meet all ADA requirements.

   C. The Contractor shall defend and hold VRE harmless from any expense or liability arising from the Contractor’s non-compliance in meeting its obligations herein. The Contractor shall be responsible for all costs related to delays, redesign, corrective work, and litigation relating to such non-compliance.

40. **DRUG OR ALCOHOL ABUSE- CONFIDENTIALITY AND OTHER CIVIL RIGHTS PROTECTIONS**

41. **DRUG-FREE WORKPLACE**
   A. During the performance of the Contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor’s employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor’s workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order over $10,000, so that the provisions will be binding upon each Subcontractor or vendor.

   B. “Drug-free workplace” means a site for the performance of work done in connection with a specific contract awarded to a contractor in accordance with this chapter, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the Contract.

42. **AUDIT**
   A. The Contractor hereby agrees to maintain all books, records, accounts, and reports required under the Contract for a period of not less than five (5) years after the date of termination or expiration of the Contract, except in the event of litigation.
or settlement of claims arising from the performance of the Contract, in which case the Contractor agrees to maintain same until VRE, the FTA Administrator, the Comptroller General, or any their duly authorized representatives, have disposed of all such litigation, appeals, claims, or exceptions related thereto. Reference 49 CFR 18.39(i)(11). The Contractor shall provide any documentation requested by VRE within fifteen (15) calendar days of such request.

B. The agency, its authorized agents, Federal Government, and/or State auditors shall also have full access to and the right to examine any of said materials during said period. The Contractor shall conduct audits in accordance with U.S. General Accounting Office, Government Auditing Standards.

43. ROYALTIES
While VRE recognizes that certain materials or component parts may be produced under the terms of licensing or cross licensing agreements, it must be understood that the use of such materials and component parts requiring the application of recurring royalty charges, costs or payments is specifically prohibited. The Contractor agrees to and does hereby grant VRE a royalty-free license to all such data which they may cover by copyright and to all designs as to which they may assert any rights or establish any claim under the design patent or copyright laws.

44. PROTECTION OF SENSITIVE SECURITY INFORMATION
To the extent applicable, the Contractor shall comply with 49 C.F.R. Part 1520, “Protection of Sensitive Security Information,” and with any implementing regulations, requirements, or guidelines that the Federal Government may issue.

45. EXAMINATION OF RECORDS
The Contractor agrees as follows:

1. Reports. The Contractor agrees to provide to VRE those reports required by the U.S. DOT’s grant management rules and any other reports the Federal Government may require.

2. Records Retention. The Contractor agrees to provide VRE, the FTA Administrator, the Comptroller General of the United States or any authorized representatives access to any books, documents, paper and records of the Contractor which are directly pertinent to the Contract for the purpose of making audits, examinations, excerpts and transcriptions even after the project has been closed-out. The Contractor also agrees, pursuant to 49 C.F.R. 633.17 to provide the FTA Administrator or his/her authorized representatives including any PMO contractor access to the Contractor’s records pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving Federal financial assistance through the programs described at 49 U.S.C. 5307, 5309, or 5311.

3. The Contractor agrees that it will maintain intact and readily accessible all data, books, accounts, documents, reports, records, contracts, and supporting materials relating to the Contract as the Federal Government and
Commonwealth of Virginia governments may require during the course of the Contract and for five (5) years thereafter, except in the event of litigation of settlement of claims arising from the performance of the Contract, in which case the Contractor agrees to maintain the same until VRE, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives have disposed of all such litigation appeals claims or exceptions related thereto.

4. **Access to Records.** Upon request, the Contractor shall permit VRE, its authorized agents, State auditors, the Secretary of Transportation, and the Comptroller General of the United States, or their authorized representatives, to inspect all project work, materials, payrolls, and other data, and to audit the books, records, and accounts pertaining to the project.

1. The Contractor further agrees to include in all of its subcontracts hereunder a provision to the effect that the Subcontractor agrees that VRE, its authorized agents, State auditors, the Secretary of Transportation, and the Comptroller of the United States, or their authorized representatives, until the expiration of five (5) years after final payment under the subcontract, be permitted to inspect and audit all data and records of the Subcontractor relating to its performance under the subcontract.

2. The term “subcontract” as used in this clause excludes (1) purchase orders not exceeding $100,000 and (2) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

3. VRE shall continue to have a period beyond five (5) years after final payment under the Contract, the right to inspect and audit all data and records which relate to:

   1. Appeals under the “Disputes” clause of the Contract;
   2. Litigation of claims arising out of the performance of the Contract; or
   3. Costs and expenses of the Contract as to which exception has been taken by VRE or the Commonwealth of Virginia or any of its duly authorized representatives.

4. The extended right of inspection shall continue for such period beyond five (5) years after final payment under the Contract until such appeals, litigations, claims or exceptions have been disposed of, and for such period thereafter as required for review by the Virginia Department of Transportation (VDOT) and VRE.

5. **Notification of Federal Participation.** In the announcement of any
contract award for goods or services (including construction services) having an aggregate value of $500,000 or more, the Contractor agrees to specify the amount of Federal assistance to be used in financing that acquisition of goods and services and to express the amount of that Federal assistance as a percentage of the total cost of that third party contract.

46. **TAXES**

Sales of items purchased directly by VRE under the Contract shall be exempt from State sales and use tax and Federal excise and transportation taxes to the extent permitted by law. State sales and use tax certificates of exemption, and VRE Federal excise tax exemption registration number will be furnished upon request. The foregoing shall not be construed to imply that the Contractor is exempt from all applicable taxes.

47. **INSURANCE**

Before beginning work under the Contract or any extension, the Contractor must provide Certificates of Insurance to VRE indicating that the Contractor has in force, at a minimum, the coverage denoted by the insurance requirements included herein this solicitation. The Contractor must maintain this coverage until the completion of the Contract or as otherwise stated in the Contract Documents. All required insurance coverage must be acquired from insurers that are authorized to do business in the Commonwealth of Virginia, with a rating of “A-” or better and a financial size of “Class VII” or better in the latest edition of the A.M. Best Co. Guides.

48. **ENVIRONMENTAL REGULATIONS**

B. As stated in the aforementioned regulations, if the Contract causes or results in adverse environmental effects, all reasonable measures to minimize those adverse effects must be taken. In addition, all environmental mitigation measures identified as commitments in applicable environmental documents, such as
environmental assessments and documents required by 49 U.S.C. §303, must be completed. These commitments include any conditions the Federal Government imposes on a finding of no significant impact or record of decision. These mitigations measures are incorporated by reference and made part of the Grant Agreement and may not be modified or withdrawn without written approval of the Federal Government.

C. The Contractor agrees to include in Subcontracts exceeding $100,000, adequate provisions to ensure that Contract participants report the use of facilities placed or likely to be placed on EPA's "List of Violating Facilities," refrain from using violating facilities, report violations to the FTA and the Regional EPA Office. VRE will report and requires the Contractor and any Subcontractor to report any violation of these requirements resulting from implementation of the Contract by the Contractor, Subcontractor (at any tier), or VRE to the FTA and the appropriate U.S. EPA Regional Office.

D. The Contractor also shall include these requirements in each subcontract exceeding $100,000 financed in whole or in part with Federal assistance provided by FTA.

49. USE OF REAL PROPERTY, EQUIPMENT AND SUPPLIES
The Contractor understands and agrees that the Federal Government retains a Federal interest in any real property, equipment, and supplies financed with Federal assistance until, and to the extent, that the Federal Government relinquishes its Federal interest in that property. Unless otherwise approved by FTA, the Contractor agrees to comply with the following requirements with respect to real property, equipment, and supplies financed by the Contract:

1. Use of Property. The Contractor agrees to use Contract real property, equipment, and supplies for appropriate Contract purposes (which may include joint development purposes that generate program income, both during and after the award period used to support transit activities) for the duration of the useful life of that property, as required by VRE. Should the Contractor unreasonably delay or fail to use Contract property during the useful life of that property, the Contractor agrees that it may be required to return the entire amount of the Federal assistance expended on that property. The Contractor further agrees to notify VRE immediately when any Contract property is withdrawn from Contract use or when Contract property is used in a manner substantially different from the representations the Contractor has made in its Bid/Proposal for the Contract.

2. General Federal Requirements. A Contractor that is an institution of higher education, or a private nonprofit organization, agrees to comply with 49 C.F.R. §§ 19.30 through 19.37, including any amendments thereto, and other applicable guidelines or regulations the Federal Government may issue. Any exception to the requirements of 49 C.F.R. §§ 18.31 through 18.34, and to 49 C.F.R. §§ 19.30 through 19.37, requires the express approval of VRE. A Contractor that is a for-profit organization agrees to comply with property
management standards satisfactory to VRE. In addition, the Contractor consents to FTA's established reimbursement requirements for premature dispositions of certain Contract equipment (i.e., when Contract equipment is withdrawn from appropriate use before the expiration of the equipment's useful life established by FTA), as explained in this Section.

3. **Maintenance.** The Contractor shall maintain Contract real property and equipment in good operating order, in compliance with any guidelines, directives, or regulations FTA may issue.

4. **Records.** The Contractor shall keep satisfactory records regarding the use of Contract real property, equipment, and supplies, and submit them to VRE upon request for such information as may be required to assure compliance with this Section of the Contract.

5. **Encumbrance of Contract Property.** The Contractor shall maintain satisfactory continuing control of Contract real property or equipment. Thus, absent written authorization by VRE permitting otherwise:
   
   a. **Written Transactions:** The Contractor shall refrain from executing any transfer of title, lease, lien, pledge, mortgage, encumbrance, third party contract, grant anticipation note, alienation, or any other obligation that in any way would affect the Federal interest in any Contract real property or equipment.

   b. **Oral Transactions:** The Contractor shall refrain from obligating itself in any manner to any third party with respect to Contract real property or equipment.

   c. **Other Transactions:** The Contractor shall refrain from taking any action that would either adversely affect the Federal interest or impair the Contractor's continuing control of the use of Contract real property or equipment.

6. **Transfer of Contract Property.** The Contractor understands and agrees as follows:

   a. **Contractor Request:** The Contractor may transfer assets financed with Federal assistance authorized for 49 U.S.C. Chapter 53 to a public body to be used for any public purpose with no further obligation to the Federal Government, provided the transfer is approved by VRE and the FTA and conforms with the requirements of 49 U.S.C. §§ 5334(g)(1) and (2).

   b. **Federal Government Direction:** The Contractor agrees that the Federal Government may direct the disposition of, and even require the Contractor to transfer title to, any real property,
equipment, or supplies financed with Federal assistance under the Contract.

c. **Leasing Contract Property to Another Party:** If the Contractor leases any Contract asset to another party with VRE's written permission, the Contractor agrees to retain ownership of the leased asset and assure that the lessee will use the Contract asset appropriately, either through a "Lease and Supervisory Agreement" between the Contractor and lessee, or another similar document, unless VRE determines otherwise in writing. Upon request by VRE, the Contractor agrees to provide a copy of any relevant documents.

7. **Disposition of Contract Property.** With prior VRE approval, the Contractor may sell, transfer, or lease Contract property and use the proceeds to reduce the gross project cost of other eligible capital transit projects to the extent permitted by 49 U.S.C. § 5334(g)(4). Nevertheless, the Contractor agrees that VRE may establish the useful life of Contract property, and that the Contractor will use Contract property continuously and appropriately throughout that useful life.

a. **Contract Property Whose Useful Life Has Expired:** When the useful life of Contract property has expired, the Contractor agrees to comply with VRE's disposition requirements.

b. **Contract Property Prematurely Withdrawn from Use:** For property withdrawn from appropriate use before its useful life has expired, the Contractor agrees as follows:

1. **Notification Requirement:** The Contractor agrees to notify VRE immediately when any Contract real property, equipment, or supplies are prematurely withdrawn from appropriate use, whether by planned withdrawal, misuse, or casualty loss.

2. **Calculating the Fair Market Value of Prematurely Withdrawn Contract Property:** The Contractor agrees that the Federal Government retains a Federal interest in the fair market value of Contract property prematurely withdrawn from mass transportation use. The amount of the Federal interest in the property shall be determined on the basis of the ratio of the Federal assistance awarded by the Federal Government for the property to the actual cost of the property. The Contractor agrees that the fair market value of property prematurely withdrawn from use will be calculated as follows:

   a. **Equipment:** Unless otherwise determined in writing by VRE, the Contractor agrees that fair market value shall be calculated by straight-line depreciation of the
equipment or supplies, based on the useful life of the equipment or supplies established or approved by the FTA. In addition, the fair market value of equipment and supplies shall be the value immediately before the occurrence prompting the withdrawal of that property from use. In the case of equipment or supplies lost or damaged by fire, casualty, or natural disaster, the fair market value shall be calculated on the basis of the condition of that property immediately before the fire, casualty, or natural disaster, irrespective of the extent of insurance coverage. The Contractor may use its own disposition procedures, provided that those procedures comply with State laws.

b. **Real Property:** The Contractor agrees that the fair market value of real property shall be determined either by competent appraisal based on an appropriate date approved by the Federal Government, as provided by 49 C.F.R. Part 24, or by straight line depreciation, whichever is greater.

c. **Exceptional Circumstances:** The Contractor agrees that VRE may require the use of another method of determining the fair market value of property. In unusual circumstances, the Contractor may request that another reasonable valuation method be used including, but not limited to, accelerated depreciation, comparable sales, or established market values. In determining whether to approve such a request, VRE may consider any action taken, omission made, or unfortunate occurrence suffered by the Contractor with respect to the preservation or conservation of Contract property withdrawn from appropriate use.

3. **Obligations to VRE:** Unless otherwise approved in writing by VRE, the Contractor shall remit to VRE the Federal interest in the fair market value of Contract real property, equipment, or supplies prematurely withdrawn from appropriate use. In the case of fire, casualty, or natural disaster, the Contractor may fulfill its responsibilities with respect to the Federal interest remaining in the damaged equipment or supplies by either:

   a. Investing an amount equal to the remaining Federal interest in like-kind equipment or supplies that are eligible for assistance within the scope of the Contract that provided financial assistance for the damaged equipment or supplies; or
b. Returning to VRE an amount equal to the remaining Federal interest in the damaged property.

8. **Insurance Proceeds.** If the Contract receives insurance proceeds as a result of damage or destruction to the Contract property, the Contractor shall:
   
   a. Apply those insurance proceeds to the cost of replacing the damaged or destroyed Contract property taken out of service, or
   
   b. Return to VRE an amount equal to the remaining Federal interest in the damaged or destroyed property.

10. **Misused or Damaged Project Property.** If any damage to Contract real property, equipment, or supplies results from abuse or misuse of that property occurring with the Contractor's knowledge and consent, the Contractor shall restore that real property or equipment to its original condition or refund the value of the Federal interest in the damaged property, as the Federal Government may require.

50. **SUBSTITUTIONS**
A. No substitutions or cancellations shall be permitted after award without the written approval of VRE. VRE will consider requests for substitutions of products, materials, equipment and methods only when requests are accompanied by full and complete technical data and all other information required to evaluate the proposed substitution.

B. Substitutions, if approved, shall be without any additional compensation, or extension of contract time from VRE, unless approved otherwise.

51. **INSPECTION OF MATERIALS AND SUPPLIES**
A. All supplies (which throughout this section includes without limitation raw materials, components, intermediate assemblies, and end products) shall be subject to inspection and testing by VRE, to the extent practicable at all times and places including the period of manufacture, and in any event prior to acceptance.

B. In case any supplies or lots of supplies are defective in material or workmanship or otherwise not in conformity with the requirements of the Contract, VRE shall have the right either to reject them (with or without instructions as to their disposition) or to require their correction.

C. Supplies or lots of supplies which have been rejected or required to be corrected shall be removed or, if permitted or required by the VRE Project Manager, corrected in place by and at the expense of the Contractor promptly after notice.
D. If the Contractor fails promptly to remove such supplies or lots of supplies which are required to be removed or to promptly replace or correct such supplies or lots of supplies, VRE may either:

1. Replace or correct such supplies and back charge the Contractor the cost occasioned VRE thereby; or

2. Terminate the Contract for default as provided in the Contract.

E. Unless the Contractor corrects or replaces such supplies or lots of supplies within the delivery schedule, the VRE Project Manager may require the delivery of such supplies or lots of supplies at a reduced price, which is equitable under the circumstances. Failure to agree to such price reductions shall be a dispute concerning a question of fact within the meaning of the clause of the Contract entitled “Contractual Disputes”.

F. If any inspection or test is made by VRE on the premises of the Contractor or Subcontractor, the Contractor or Subcontractor shall provide all reasonable facilities and assistance for the safety and convenience of VRE’s inspectors in the performance of their duties without additional charge.

G. If VRE’s inspection(s) or test(s) are made at a point other than the premises of the Contractor or Subcontractor, it shall be at the expense of VRE except as otherwise provided in the Contract; provided, that in the case of rejection, VRE shall not be liable for any reduction in value of samples used in connection with such inspection(s) or test(s).

H. All inspections and tests by VRE shall be performed in such a manner as not to unduly delay the work.

I. VRE reserves the right to charge to the Contractor any additional cost of VRE’s inspection(s) and test(s) when supplies are not ready at the time such inspection or test is requested by the Contractor, or when reinspection or retest is necessitated by prior rejection.

J. Acceptance or rejection of the supplies shall be made as promptly as practicable after delivery, except as otherwise provided in the Contract; but failure to inspect and accept or reject supplies shall neither relieve the Contractor from responsibility for such supplies that are not in accordance with the Contract requirements nor impose liability on VRE therefore.

K. The inspection(s) and test(s) by VRE of any supplies or lots of supplies does not relieve the Contractor from any responsibility regarding defects or other failures to meet the Contract requirements which may be discovered prior to acceptance. Except as otherwise provided in the Contract, acceptance shall be conclusive except with regards to latent defects, fraud, or such gross mistakes or negligence as to amount to fraud.
L. The Contractor shall provide and maintain a quality assurance and inspection system acceptable to VRE covering the supplies hereunder.

M. Records of all inspection work by the Contractor shall be kept complete and available to VRE during the performance of the Contract and for such longer period as may be specified elsewhere in the Contract.

N. Notwithstanding the requirements for any VRE inspections(s) and tests(s) contained in the specifications applicable to the Contract, except where specialized inspections or tests are specified for performance solely by VRE, the Contractor shall perform or have performed the inspections and tests required to substantiate that the supplies and services provided under the Contract conform to the drawings, specifications and Contract requirements.

52. **INSPECTION OF WORK**

A. VRE reserves the right to conduct any test/inspection it may deem advisable to assure supplies and services conform to specifications. The Contractor is responsible for performing work according to specifications in a professional, high quality standard.

B. Inspections will be performed by the VRE Project Manager routinely throughout the Contract. All stages, materials, and details of the work are subject to inspection. The Contractor shall provide the VRE Project Manager and inspectors full and safe access to all parts of the work. The Contractor shall furnish the VRE Project Manager and inspectors such information and assistance as required to make complete, timely, and detailed inspections.

C. The Contractor shall cooperate with VRE and facilitate the inspection activity by providing necessary equipment for access to aid in the inspection and verification activity. The VRE inspector shall have the authority to reject materials or workmanship that does not meet the Contract requirements. The inspector has no authority to make changes; no orders given by the inspector, either written or verbal, will be considered basis of any claim by the Contractor for extra compensation. It is not the duty of the inspector to layout any work for the Contractor.

D. If an inspection reveals that work has not been properly performed, or materials used are unacceptable, the Contractor will be so advised and shall immediately inform the VRE Project Manager of the Contractor’s schedule for correcting such work and materials, and the time when a reinspection can be made.

E. Authorized representatives or agents of VRE and their funding partners including but not limited to, the Commonwealth of Virginia and the Federal Transit Administration may, during normal office hours, review and inspect project activities.

F. Nothing in this section shall abrogate or otherwise limits or relieves the Contractor’s independent duty to inspect the work.

If the items or products requested by this solicitation are “Hazardous Substances” as defined by Title 15 of the United States Code (U.S.C.) §1261 or “Pesticides” as defined in §136 of Title 7 of the U.S.C., then the Contractor certifies and warrants that the items or products to be delivered under this Contract shall be properly labeled and that by delivering the items or products, the Contractor does not violate any of the prohibitions of Title 15 U.S.C. §1262 or Title 7 U.S.C. §136. If reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance on-site at a VRE facility, the Contractor shall stop work in the affected area and immediately report the condition to VRE.

54. **QUALITY ASSURANCE**
Any part which fails to meet any of the requirements in the Scope of Work or Technical specifications shall be subject to rejection and shall be replaced free of charge by the Contractor, if so directed by the VRE Project Manager.

55. **NEW MATERIALS**
Unless noted otherwise, the Contractor shall furnish all materials required to produce the work in accordance with the Contract documents and said materials shall meet the requirements of the plans, drawings and/or specifications for the kind of applications involving their use. Only quality materials, which are generally accepted in the industry and conform to the requirements of these plans, drawings and/or specifications shall be used in the work.

56. **DAMAGE TO PROPERTY**

B. If the Contractor fails to use reasonable care and damages or contaminated VRE property, the Contractor shall replace the damaged property or repair the damage at no expense to VRE and to the satisfaction of VRE.

C. Should the Contractor fail or refuse to make such repairs or replacements, VRE may have said repairs or replacements performed by another party, and the Contractor shall be liable for the cost thereof which may be deducted by VRE from the amounts which become due under this Contract.
VI. INSURANCE REQUIREMENTS

01. GENERAL REQUIREMENTS
A. The Contractor shall secure, pay the premiums for and keep in force until the expiration of the Contract, and any renewal thereof, adequate insurance as identified in the “Insurance Coverage Requirements” document. Items marked “X” are required to be provided. By signing and submitting a Bid or Proposal under this solicitation, the Contractor certifies if awarded the Contract, the Contractor will have the insurance coverage identified and described below in the Insurance Coverage Requirements at the time of Contract award.

B. All required insurance coverage must be acquired from insurers that are authorized to do business in the Commonwealth of Virginia, with a rating of “A-” or better and a financial size of “Class VII” or better in the latest edition of the A.M. Best Co. Guides.

C. The Contractor agrees to include the provisions of the foregoing clause in every subcontract or purchase order so that the provisions will be binding upon each Subcontractor or vendor. All insurance provided by the Contractor and the Contractor’s Subcontractors shall be primary to any insurance coverage VRE may possess.

D. The Contractor further certifies that it and any Subcontractors shall maintain these insurance coverages and the minimum limits of liability as stated, during the entire term of the Contract and that all insurance coverages will be provided by insurance companies authorized to sell insurance in the Commonwealth of Virginia. The Contractor’s insurance shall be primary to all other coverage VRE may possess.

E. The Contractor shall furnish VRE proof of compliance with these insurance requirements in the form of an original Certificate of Insurance signed by an authorized representative or agent of the insurance company(ies). The Certificates of Insurance must be furnished within ten (10) calendar days of receipt of the “Notice of Intent to Award” and before any work under the resultant Contract will be allowed to commence.

F. Failure to provide the Certificates when required may be cause for VRE to award a Contract to the next responsible and responsive Bidder. However, in no event shall work be performed until the required Certificates of Insurance have been furnished and approved by VRE.

G. All insurance must be raised to an amount approved by VRE as change orders are made to the Contract.

H. Renewal certificates shall be furnished to VRE not less than fourteen (14) calendar days prior to the expiration or termination date of the applicable
policy(ies). Otherwise, VRE may halt all work under the Contract upon expiration or other termination of any required coverage and work will not be allowed to resume until a satisfactory renewal certificate is received.

I. If the Contractor is furnished a written notice of cancellation from the insurance carrier, the Contractor shall provide VRE a copy of the cancellation notice within thirty (30) calendar days of receipt of the notification.

J. In no event shall the failure by VRE to receive Certificates of Insurance required hereunder, or to receive them by the date(s) required hereunder, be construed as a waiver of the Contractor’s obligation to obtain the required insurance coverages. Failure by VRE to demand any Certificate of Insurance or other evidence of full compliance with the insurance requirements set forth herein, or failure by VRE to identify a deficiency in the evidence provided, shall not be construed as a waiver of the obligation to procure or maintain the insurance required hereunder. The acceptance of products by VRE of any Certificate of Insurance does not constitute approval or agreement that the insurance requirements have been met or that the insurance policies identified in the Certificates of Insurance are in compliance with such requirements.

02. POLLUTION LIABILITY INSURANCE
The Contractor shall obtain at no additional cost to VRE, pollution liability insurance in an amount no less than $1,000,000, with preference for a one (1) year extended reporting endorsement.
